Professional Summary

My name is Bimal Upadhaya, and I'm currently working as Web Developer at Mero Network. I have graduated Bachelor's In Information Management(BIM) degree from Asian School of Management and Technology in 2018. People find me to be an upbeat, self-motivated team player with excellent communication skills. I am a dedicated person with a family of five. I enjoy reading, and the knowledge and perspective that my reading gives me has strengthened my presentation abilities. I love to travel.
